1 Billion, what a joke, and of course there is no telling what they will charge themselves for the teacher training. This is almost as bad as the governments settlement with GM over the saddle tanks on their trucks. You guys are a joke when it comes to punishment!

On the other hand, what if Bill Gates said the hell with it all and closed shoip, then all the people of America would be screaming at the government.

You guys cannot win, no matter what you do, someone is going to be pissed off.

Remenber, Microsoft made 7 billion and some change last year, so 1 billion is a joke.
